Dalton Cumbrian Facility – How to Find Us

Dalton Cumbrian Facility (DCF) is situated on the Westlakes Science & Technology Park in West Cumbria. Please see a copy of the park plan below with the DCF marked.

By Road from South
- Leave the M6 at junction 40 and take the A66 West, past Keswick and Cockermouth.
- Take the A595 South and continue until you are approximately 2.5 miles South of Whitehaven
- Westlakes Science & Technology Park entrance is clearly sign posted on the left
- After taking the left at the traffic lights onto the Park, you will approach a roundabout at which you should take the first left
- Continue around the ring road until you reach approximately the half-way point where you will find Dalton Cumbrian Facility signposted on the left

By Road from the North
- Leave the M6 motorway at junction 43 and journey on the A595 from Carlisle
- Progress south, by-passing Cockermouth, Workington and Whitehaven until you reach Westlakes Science & Technology Park which is clearly sign posted on the left of the road, approximately two and half miles south of Whitehaven
- After taking the left at the traffic lights onto the Park, you will approach a roundabout at which you should take the first left
- Continue around the ring road until you reach approximately the half-way point where you will find Dalton Cumbrian Facility signposted on the left
Travelling by Public Transport

By Rail

If travelling by rail to the Westlakes Science & Technology Park, we recommend travelling to the Whitehaven Railway Station (WTH).

From Whitehaven, we are a 10 minute taxi or bus journey away. See below for more information on travelling by bus. For more information and the rail timetable, see the National Rail website.

By Bus

There are bus stops for both directions (North and South) directly outside the main entrance to the Westlakes Science & Technology Park. The bus route number for the park, from both North and South, is **Bus Route 30**.

This route travels from:

- *Workington* > *Lakes College* > *Distington* > *Whitehaven* > *West Cumberland Hospital* > *Westlakes Science & Technology Park* > *Bigrigg* > *Egremont* > *Thornhill*

and the same in the reverse direction. For more information and the bus route timetable, see the [Stagecoach website](http://stagecoach.com).

By Cycle

There is a cycle route running through the park itself which links to the National Cycle Network and the Coast to Coast. The route through the park can also be used as an alternative leg to the Coast to Coast. Please see the [Park Plan](#) for more information.

If you require any further information visit the [Westlakes Science & Technology Park](http://westlakes.com) website or visit the [Dalton Cumbrian Facility](#) website.
